## EXCELLENT WATER SUPPLY ASSURED

## AUTOIST COMPLAINS OF THE PRESENT CONDITION OF COUNTY "LOWWAYS"

There is assurance of an excellent supply of water this year for Indian and Reese River valleys, according to E. S. Johnson, who has returned from a trip to that locality. Mr. Johnson is interested in mining properties at Berlin and elsewhere in that region. He says that the snowfall was so heavy that a number of wild horses perished from starvation and those who survived could easily be approached and caught.

George Keough, he reports, is building up a veritable little city at his ranch, his men being employed in building operations while the weather is too inclement for field or range work. They have erected quite a number of structures. Mr. Johnson complains of the condition of the roads, which are now nearly impassable, due to the fact that they are lower than the surrounding country and resemble nothing more than a pair of parallel ditches for the accommodation of the water from the melting snow.

## SOME COLT THIS, YOUNG SILVERTOP

## ONLY A COUPLE OF HOURS OLD WHEN HE MEETS WITH HIS FIRST ADVENTURE

"Silver Top" is the baptismal name of a wee colt that arrived a day or two ago at the stable to the rear of John Hyland's residence in this city. When the colt was only two or three hours old he started out prospecting, but came a cropper at the collar of a shaft near the Silver Top.

Down he went full thirty-five feet and remained there until the following day, when a search party, headed by Mr. Hyland, located him. Descending a rope, Mr. Hyland put the colt into a canvas sling and he was hauled to the surface, whereupon he frisked away to his distracted mama, with not a broken bone to show for his adventure.

## SLOW PROGRESS MADE IN SECURING JURY

## TRIAL OF JACK BARTMESS WILL PROBABLY NOT BEGIN TILL TOMORROW

The fifth judicial district court room was filled to seating capacity this morning when the case of the State of Nevada versus Jack Bartmess, charged with the illegal killing of cattle was called by Judge Averill. In addition to the venire of jurors there were witnesses and spectators galore.

A number of men summoned for jury duty requested that they might be excused for various reasons and several of them were accommodated. Only two veniremen were examined during the morning and both of them were passed. There are a number of people here from Hot Creek and Duckwater to attend the trial, which promises to be very interesting, as there is said to have not been a conviction on a similar charge in this county since 1872.

## A CATCHY FEATURE AT BUTLER THEATER

## SALOMY JANE'S KISS IS THE KIND THAT LASTS THROUGH SIX REELS

Tomorrow and next day, a six-reel feature will be shown in "Salomy Jane," taken from the dramatization of Bret Harte's novel, "Salomy Jane's Kiss." This picture has created a great sensation and filled the houses wherever it has been shown, running two weeks solid in the Portola theater at San Francisco. One matinee each day at 1:30; two night shows starting at 7 p. m. Admission 10 and 20 cents.—AdvF161

## LECTURED AND DISCHARGED

Justice Dunseath started to lecture Lillian Brooks in such a manner yesterday that she gave up all hope and expected nothing less than the dark cell for life, but at the conclusion he turned the weeping woman loose upon promise that she would sin no more. Lillian is a colored girl. She stole a fur coat from a girl below the deadline. Chief Evans recovered the garment.

## GENERAL AGENCY OF ROAD CHANGES

## JAMES W. CONLISK IS SUCCEEDED BY R. J. HIGHLAND IN L. V. &amp; T. OFFICE

The general agency of the Las Vegas and Tonopah Railroad company in this city was formally transferred today, James W. Conlisk being succeeded by R. J. Highland. The office will be in that of the Southern Nevada Abstract company, of which Mr. Highland will retain the presidency as well as acting for the railroad as general agent.

It is with regret that the Bonanza announces the departure of Mr. Conlisk and his estimable family, for he made his home here for ten years and here is where his children were born. He goes tomorrow or Thursday to Los Angeles to accept a position in the Bank of Italy, with which several other Tonopahs have become connected. His wife and two children will follow later.

Mr. Highland, as successor to Mr. Conlisk, will prove eminently satisfactory to the company and the public, in view of the fact that his ability has already been proven by the building up of one of the largest insurance businesses in the state. In his long residence in Tonopah he has become intimately and cordially acquainted with the business men and shippers. Best wishes are extended by the Bonanza to both the retiring and incoming officials.

## NEW WORK IS BEGUN IN HALIFAX MINE

## EXPLORATION TO EASTWARD BEGUN ON TWO LEVELS IN THIS PROPERTY

Under direction of Manager Chandler several raises are being put up in the Halifax. There are three faces from which ore will shortly be extracted. Retimbering is still in progress, as well as timbering the stope above the 1050, where the ore was being extracted before the close down for repairs.

Exploration work has started toward the eastern territory of the estate on the 1400 and 1700 levels.

## THIRD HOUSE MEETS IN THE STATE HOUSE

(Continued from First Page.)

were at work on the measures. Four terms for county officials are not in sight, as a result of the action of the senate Saturday in killing the assembly bill making this provision. The bill, which apparently had little opposition in the assembly, received only 10 votes in the senate.

The assembly passed the industrial insurance act in practically the same form as received from the senate. It was the last work done by the assembly Saturday prior to adjourning. An effort was made by the labor element in the assembly to amend the bill to conform with the recommendations made by the joint committee on labor which drafted the measure, but 12 votes was the greatest strength they could show.

A bill said to be designed to remedy an evil existing in Churchill county was passed Saturday by the senate. It makes it the duty of deputy school superintendents to see that the law requiring school trustees to keep the American flag flying over all school buildings is enforced. Senator Keddie said in certain small school districts in Churchill county there seems to be an aversion to flying the flag and that the persons who object to having the flag flying over the school houses in those districts are in the majority. As a result the law is not being complied with.

Huskey's bill for making it unlawful to buy, sell or offer for sale any trout less than 15 inches in length will come up this afternoon in the senate under a special order and probably will be passed.

The proposed new water law, drawn by the state engineer assisted by the governor and representatives of the United States reclamation service and having the approval of them, is expected to reach the senate this afternoon or tomorrow. It is up for final passage in the assembly this afternoon.

Now is the time the solons begin to try and figure out what kind of a report they are going to make to their constituents when they return home. Most of them are in the position of having done those things which they ought not to have done and leaving undone those things they were sent there to do.

## LADIES' AID GIVE A FINE ENTERTAINMENT

## PRESBYTERIAN CHURCH CROWDED WITH AN APPRECIATIVE AUDIENCE

The entertainment given last evening by the Ladies' Aid was a huge success. The church was packed to the doors and each number was heartily enjoyed.

The Peak sisters of Alaska arrived in just the nick of time and performed in their usual brilliant manner. Their musical instruments were in perfect tune, notwithstanding their long journey. The program was as follows:

Vocal duet, Messrs. Guenet and Wright; song, Ladies' Aid; male quartet, Messrs. Nelson, Davis, Wright and Bayless; solo, Mrs. Guenet; comic duet, "The First Quarrel," Miss Fuerrilla and Mr. Drews; trio, "O, Restless Sea," Mrs. Guenet, Mr. Nelson and Mr. Bayless; ladies' quartet, "My Rosary," encore, a parody on "My Rosary," Mesdames Malone, Symons, Messenger and Miss Fuerrilla; reading, Mrs. Hunt; solo, Miss Foltz; male quartet, Messrs. Nelson, Davis, Wright and Bayless; Peak sisters of Alaska. Mrs. Bayless was the accompanist for the evening.

The Ladies' Aid wishes to thank the friends who assisted on the program and also thank the appreciative audience that attended.

## ADDED ACTIVITIES AT BUCKEYE MINE

## NEW COMPRESSOR COMING AND ANOTHER SHIFT WORKING IN THE PROPERTY

Manager Letson Ballet of the Buckeye has ordered a six-drill compressor to add to his present three-drill outfit. As soon as it is installed the working force will be further increased, a second shift having been put on the first of this month.

This activity is due to improved showings, several faces of low grade ore having been opened in the trachyte which emanates from the Belmont. Arrangements are being concluded to connect with the Halifax for air.

## MRS. PROUTY DIES IN NAPA COUNTY

## SON FROM TONOPAH ON WAY TO BEDSIDE WHEN CAME THE SUMMONS

A wire received in Tonopah this morning announced the death last evening of Mrs. N. J. Prouty in the sanitarium at St. Helena, Cal. She was aged 75 years and had been ill for some time. Death was due to senility.

Four sons survive, one of whom is Robert L. Prouty, owner of the Union drug store of this city. He was on his way to his mother's bedside when he received news of her death. The other sons are Harry H., Robert and Arthur, all of Napa county. The funeral will take place at Napa, probably tomorrow.

## LYNCH GOT TEN DAYS

One P. F. Lynch stole a ring from a dancing girl in the Big Casino and attempted to negotiate it in the A. B. C. One of the town coppers placed Mr. Lynch under arrest and marched him to Judge Dunseath's office, where he made reparation by going to jail for ten days.

## AMUSEMENTS

## BUTLER THEATER

At the Butler this evening an unusually strong program of five reels will be shown as follows: "Sophie's Home-Coming," an Essanay comedy with Slippery Slim and Sophie Clutte; the opening of the exposition at San Francisco with many views of the grounds and buildings and the mass of people who were in attendance on the opening day, also many night views showing what the big exposition looks like after dark and the beautiful electric effects throughout the grounds, which was to have been shown tonight did not arrive this morning, the film being mislaid. It will arrive tomorrow and will be seen at the matinee and the evening performances; another Broadway star feature, "The Sagebrush Gal," in three reels will conclude the program; the patrons are getting acquainted with these features, so it is no longer necessary to describe them, as a "Broadway Star Feature" means an A No. 1 picture.—Adv.

## BIG CASINO LESSEES MAKING IMPROVEMENTS

Messrs. Thacker and Ritchie, the new proprietors of the Casino, are making a number of alterations and improvements to the establishment. One of these consists in a rear entrance, through which slumming parties may enter the place and watch the motion pictures and the dances, while themselves unobserved. Care will be exercised as to who are admitted by this entrance and the proprietors assure the uptown visitors that nothing will be seen or heard that will be in any way objectionable.

## WANTS BOOKS RETURNED

The librarian of the public library requests the return of the following books: "Recent Cyanide Practice," by Rickard; "Cyaniding Gold and Silver Ores," by Julian O. Smart; Vol. XIII of "Dewey's Library of Oratory."
